BEATEN BUT NOT DISGRACED

JACK ATKIN SUCCUMBS TO THE LIGHTLY WEIGHTED HALF SOVEREIGN.

Excessive Impost and Cuppy Going Contribute to Defeat of Sain's Greatest Son—Colinet Beats Donau and The Fad in Special Contest.

New York, July 31.—Yonkers' closing day of racing was marked by the first defeat at the meeting of Barney Schreiber's great racer, Jack Atkin. It was only after a particularly brilliant effort, considering the stupendous weight of 133 pounds carried, that the great sprinter succumbed to August Belmont's lightly weighted filly, Half Sovereign, in the Mount Vernon Handicap, at one mile, when Jack Atkin's flying lead too quickly.

The tabular history of the Mount Vernon Handicap, first run in 1907, is as follows:

Year.	Winner.	Wt.	Jockey.	Val.	Time.
1907	Quadrille	105	Mooney	\$1,620	1:09
1908	Jack Atkin	132	Notter	2,390	1:30
1909	Half Sovereign	108	E. Dugan	1,925	1:30

At short three-quarters mile. *At one mile.

The specially arranged race, at five and a half furlongs, for the stars of the juvenile division, furnished a thrilling and spectacular contest. The field was composed of Colinet, Donau, The Fad and the inconsequential Placide. It was meant to be a tri-cornered affair and a test of supremacy between the best of the youngsters developed at the Yonkers meeting, and so it turned out. The trio of cracks furnished excitingly keen contention from first to last. The result remained in doubt until in the last few strides Colinet drew out and won going away from his rivals by an excessively used and exhausted pacemaking opponent.

Donau was particularly unlucky in the matter of suicidal pacemaking forced on him by his jockey in the deep going on the inner rail.

The largest crowd seen at the meeting came out this afternoon to enjoy the getaway program. The weather was propitious. The hot sun had accomplished wonders in putting the track in shape, but the effects of yesterday's rainstorm were still visible, and the cuppy going prevailed. Favorites were in eclipse in the first and last races.

Queen Marguerite's convincing victory in the fifth was regarded as additional evidence that she had not been defeated on her merits by Earl's Court last Wednesday. It was the winner's fourth appearance under colors within the week.

The Yonkers meeting has been remarkable for the success of western horses, owners and jockeys. The record of fifteen firsts achieved during the sixteen days of the meeting by H. G. Bedwell's horses has not been equaled on a metropolitan track in the past decade. Taplin, the stable jockey, rode all of Bedwell's representatives, but was a dismal failure on outside mounts. His handling of Don Enrique and Madman this afternoon evoked much criticism, and the running of the latter was taken seriously. Jockey Berger complained to the stewards that his horse, St. Joseph, had been fouled by Bellevue, the winner of the last race. The Marone horse's right stifle was badly bruised from contact with the fence.

Acting Sheriff Scherp, who has been continuously on duty to enforce the law regarding betting, declares that he is sure there was no violation of the law during the Yonkers meeting. As the session progressed money was wagered freely, if unostentatiously. Bets were made publicly, but the law displayed their odds conspicuously by holding their programs face outward as in the old days. The best authorities agree that a conviction would be impossible under the present system of betting.

Twelve Hagen yearlings that recently returned to the United States from England have been turned over to Charles Littlefield for training.

WOULD LEASE LEXINGTON TRACK.

Cincinnati Concern Makes Kentucky Association Proposition for Fall Meeting.

Lexington, Ky., July 31.—The Minyard-Kessler Company, of Cincinnati, a concern engaged in handling business investments and securities, has written to the Kentucky Racing Association, asking if it will be possible to lease the Lexington track the coming fall for a race meeting of seven or ten days. They proposed to pay for purses and other expenses of the meeting and to give a cash guarantee that everything will be conducted along business lines, and asked for what sum per day the track could be leased under such conditions. No reference is made in the letter to the system of betting that the company expects to use in the event that they can lease the track.

The letter will be presented to the directors of the Kentucky Association at their next meeting, but it is exceedingly doubtful if the proposition will be favorably received. A similar proposition was made by local people last fall, but the association declined to enter into an arrangement which would have yielded them a certain profit, and, instead, conducted a meeting at a loss. They take the stand that the Kentucky Association was formed for the promotion of the sport rather than for financial gain, and they much prefer to conduct the local track along lines that have been laid out, tending to improved racing conditions, than to entrust the management of a meeting to persons who mean primarily to make a dollar-gathering enterprise.

PACEMAKING THAT WAS INDEED FAST.

New York, July 31.—Al Koenigsberg's filly, Rose Queen, was timed separately, the quarter in 11, the half in 46 and five-eighths in 58. In the race in which Prince Ahmed equaled the American record of 1:11 for three-quarters of a mile at Empire City track Friday. Before the race H. G. Bedwell valued Prince Ahmed at \$7,500, but afterward he declared that he would be unwilling to sell the horse for \$10,000. Prince Ahmed cost him \$4,000.

NO RACING AT BUTTE MONDAY.

Butte, Mont., July 31.—The Butte summer meeting, scheduled to close on Friday, August 6, will end on the following day. In order to embrace another Saturday in the thirty days of racing authorized by law, there will be no racing on Monday. This will permit the legal extension of the meeting for one day longer than the dates originally announced.

RUNNING OF THE FLASH STAKES

Few American stake races are of longer establishment than the Flash Stakes, it having first been run so far back as in 1869, when it fell to Francis Morris' famous filly, Remorseless. The Flash has not been run continuously having been dropped from the Saratoga program under the Walbaum regime. When it was revived in 1901 it was at a value greater than any in its previous history. It was a dash of a half mile down to 1897 and it was this that enabled the extremely speedy Leamington filly, Olitipa, to set a half-mile record as far back as 1874 that stands as the track record at the distance to this day and probably will for a long time to come. The Flash is a race that revives recollections of many of the most famous racers of our turf history from such long-gone celebrities of old days as Remorseless and Tom Bowling down to such recent stars as Hamburg, Sysonby, Burgomaster and Peter Pan. The record of the race is as follows:

THE SARATOGA HANDICAP WINNERS

When in 1900 the late W. C. Whitney and the gentlemen associated with him in the enterprise secured possession of the Saratoga race track they made many additions to its stake program and, among them, established the Saratoga Handicap as a new feature in the line of rich handicaps embracing the Carter, Eschscholtz, Metropolitan, Brooklyn, Suburban, Commonwealth and Empire City races. Waterbury, which won in 1903 with the big impost of 127 pounds up was beyond question the best horse that has as yet won the Saratoga Handicap, but it has never fallen to an ordinary race horse and its history to date is as follows:

Year.	First.	Age.	Jockeys.	Wt.	Second.	Age.	Wt.	Third.	Age.	Wt.	Val.	Time.
1901	Rockton	(4)	N. Turner	116	Water Cure	(4)	107	Water Color	(3)	115	\$ 6,800	1:53 1/2

FINAL TOUCHES AT SARATOGA.

Candidates for Opening Day's Handicap Feature Work—Gossip from the Spa.

Saratoga, N. Y., July 31.—With the exception of the Saratoga Handicap, the card for the opening day of the summer meeting of the Saratoga Association is strong and well balanced. That there will be added starters when the field for the handicap is posted is believed to be a certainty. It is doubtful if either of the Beverwyck pair, Berkeley and Sir John Johnson, answers the bugle. Sir John Johnson has become sour. He stubbornly refused to work this morning. Despite his import, Olambala will be the favorite. His race against Fitz Herbert in the Lawrence Realization and his impressive, although not particularly fast work here causes him to be strongly fancied. His final exercise was a fair one. In the "Whitney" track this morning, Bonquet, Petticoat, Maltbie and Affliction were sent the handicap route on the main track. Bonquet did the mile and a quarter in 2:08 1/2, the first mile being covered in 1:41 1/2, and finished stoutly. Petticoat's performance was the best of the quartet. The fractional time of it was: 25.50, 1:15, 1:41, 1:54, 2:07 1/2. She was tiring at the end, but she had up more than the 86 pounds she will have to carry Monday.

Affliction, ridden by James Rowe's stout exercise boy, Marshall, did a mile in 1:42 and the full distance in 2:09. A feature of the morning work was a spin by Sweep. He is ready for the Special, and the two-year-old that beats him from now on will have to be of rare quality. His time was 12.27, 47 1/2, 1:00 1/2 and 1:13 1/2. He pulled up at the seven-eighths mark in 1:28 1/2. Grasmere, by some claimed to be speedier than Sweep, was cantered three-quarters in 1:16. He is a high-strung animal and liable to be left at the post.

Woodford Clay's Ocean Bound did a half in :49 and was not fully extended. She favored her right fore foot slightly as she walked back to where her owner and trainer stood. Her improved condition caused trainer French Brooks to exultantly remark: "She doesn't act much like a broken-down filly, does she? Her feet are tender, that's all."

John Sanford, in speaking of the Hurricane-bred horses, which will race here, said: "Our horses were not well when they arrived, but are all right now. We have a stable similar to what we had last year, and with average luck will win about as many races as we did then. We have no world beaters, but believe some of our young horses are good ones."

John Sanford seemingly has a smart juvenile in Agnir, a brown filly by Clifford-Majest. This youngster, which will face the barrier for the first time during the approaching meeting here, worked three-eighths of a mile Friday morning in 55 1/2, and was pulling up at the half in 49 1/2.

Bonquet, which was sick in Canada, has fully recuperated. A few days ago she galloped a mile over the "Whitney course" in 1:43. If she can stay a mile and a quarter, with 105 up, she is likely to be a factor in the handicap Monday. Maltbie, 117, has done a mile in 1:43 1/2.

Charles Hughes' Barleythorpe, a fine-looking two-year-old, did three-quarters in 1:15, the first half in 47 1/2. Sweep, now in perfect condition, did three-quarters Thursday in the "Whitney" going in 1:18. His stable companion, Grasmere, worked a like distance on the main track in 1:15 1/2.

TURF SITUATION ON THE COAST.

San Francisco, Cal., July 31.—It is intimated that an official announcement relative to racing in California next winter may be expected within a month or so. T. H. Williams, the controlling spirit in turf affairs on the coast, is quoted as saying that no definite arrangements have as yet been made.

EAST, WEST AND EMPIRE CITY.

How It Comes That Big Metropolitan Stables Are Not Racing at Yonkers Meeting.

The fact that James R. Keene, S. C. Hildreth and some other prominent eastern turfmen did not race any of their horses at Empire City has come in for criticism and a suggestion that they were averse to contributing to the success of racing over that track. Both Keene and Hildreth helped Empire City with liberal nominations to its stakes, and that both decided to send their horses to Saratoga for a rest during the time consumed by the Empire City meeting is a coincidence that has its solution in the importance of the Saratoga stakes and the rivalry of the two stables for the leadership in eastern racing. Both owners knew very well that horses in abundance were ready for racing at Empire City, and in view of that fact, felt at liberty to cater to what they deemed their own best interest. Had there been a necessity for the presence of their horses at Empire City, it may be safely assumed that they would have been active participants in the racing over the Yonkers track. Both are capable of making sacrifices for the good of racing.

It has also been suggested that western owners and horses were too predominant at Empire City. That western horses contributed greatly to the success of the meeting is a fact and that they were there in unusual numbers for an eastern meeting is also a fact. One does not have to seek far for the reason. A popular western official, Matt J. Winn, had charge of the Empire City racing, and it was largely due to the favor with which he was regarded by western owners that New Yorkers enjoyed the splendid displays of speed given by Prince Ahmed, Rose Queen, Richard Reed, Cherryroll, Donau, Jack Atkin, Apache, The Fad, Hans, Stanley Fay and other western cracks.

There is no doubt that James Butler's advent in eastern racing was at the outset unfavorably regarded by the big men of the eastern turf, but that is a condition long past, and his track and its meeting now stand higher in general esteem than Brighton Beach and its meetings ever did. Mr. Butler is progressive and manifests a liberal disposition to put Empire City racing on a plane with that of the other metropolitan tracks. Empire City is a truly established seat of racing and it is a good thing that it is sufficiently popular with western owners to induce them to send their best horses there to race. Some narrow-minded writers may make ill-natured comments on that feature, but there is not lacking evidence that it is pleasing to the patrons of the track.

AMERICAN THOROUGHBREDS REACH INDIA.

Lexington, Ky., July 31.—Dr. Harry Chain Bassler, who sailed from New York June 5 for India with jockey Walter Ott and the American thoroughbred racers, Nancy, The Missus, Gallileo, Wine Merchant, Sam Clay, Coat of Arms and Lasata, cables from Bombay that he landed safely with his charges last Sunday and that all were well. Dr. Bassler intends these horses for racing at the big meetings at Bombay and Calcutta, beginning in September. Coat of Arms and Lasata were eleventh-hour purchases. He bought them in New York the day before his boat sailed. The trip was made via London.

SIR MARTIN TO RACE IN FRANCE.

After a rest Sir Martin is in active work again at Newmarket and going well, but his next racing will be at Deauville, France, this month, where he is engaged in one or two valuable stakes. The supposition is that he will then return to England and be nominated to the big fall handicaps at Newmarket and other points of racing.

RECORD-BREAKING CROWD

SUMMER MEETING AT WINDSOR OPENS UNDER AUSPICIOUS CIRCUMSTANCES.

Green Seal Carries Colors of St. James Stable to Victory in Frontier Handicap, Stake Feature of Excellent Card.

Detroit, Mich., July 31.—Under auspices more favorable than ever before, the Windsor Racing Association began this afternoon its summer meeting. Never in the history of the track was the attendance larger. The crowd taxed the recently enlarged plant to its utmost capacity.

The newly built clubhouse was a favorite spot for the society folk who viewed the racing. Among many prominent persons present were Hon. R. E. Sutherland, M. P., Speaker of the House of Commons; Hon. A. H. Clark, M. P.; Magistrate and Mrs. Leggett; Attorney-General Rodd and Mrs. Rodd; George Hendrie, Strathern Hendrie, F. H. Walker, Edward Corrigan, W. B. Haldeman, of Louisville, and M. Gerrans of Buffalo, N. Y.

Green Seal, owned by the St. James Stable, was successful in the Frontier Handicap, the stake offering of a good card. The handicap carried a net value of \$1,535 to the winner and attracted seven of the best racers in training hereabouts. Hanbridge, although conceding weight to his opponents, was considered best and enjoyed the honor of favoritism. He encouraged his backers by following Green Seal closely for three-quarters and made a determined bid for the lead just before reaching the stretch. Green Seal, however, after a slight shaking up, drew out again and passed the finish with nearly two lengths to spare. Old Honesty, after overcoming much interference, stood a hard stretch drive courageously and held the others safe for third. The start of the race was ragged. Tourene, one of the supposedly dangerous contenders, being practically left at the post. He closed a big gap and finished fourth. Green Seal ran poorly and All Red was not good enough at the weights.

The tabular history of the Frontier Handicap is as follows:

Year.	Winner.	Wt.	Jockey.	Val.	Time.
1902	St. Hera	122	Adams	\$1,140	1:58
1903	Clara	127	Daly	1,385	2:03 1/2
1904	Zarkee	117	Monroe	1,405	1:54 1/2
1905	King of Troy	100	J. Shea	1,705	1:58 1/2
1906	Peter Sterling	107	Kunz	1,705	1:54 1/2
1907	Jacomo	114	Moreland	1,705	1:57 1/2
1908	Chav. Gilbert	103	C. H. Shaw	1,535	1:52 1/2
1909	Green Seal	105	J. Howard	1,535	1:52 1/2

Race for three-year-olds prior to 1908.

The racing throughout the afternoon was spirited and speculation was brisk, thirty-two layers working at top speed to accommodate the bettors. The defeat of Star Wave and Eye White by Banives in the second race was a stunner and proved the principal upset of the afternoon. Because of his previous good showing, Eye White was thought to hold his opponents safe, but he evidently had not recovered from his last race. He weakened palpably after following the speedy C. H. Patton closely for the first part and allowed Star Wave to move away from him in the stretch. Star Wave was overhauled by the fast-coming Banives in the last few strides. The inaugural scramble introduced some of the best sprinters quartered here. They furnished a rousing contest throughout. Hyperion II, drew clear in the final furlong to gain the victory from Marchmont, with Dr. Waldo Briggs third. Ada Meade was strongly supported in the race, but her chances were glimmering when Hufnagel pulled her out of contention in the first half-mile.

Giles and Reidmore fought it out in the third, and the former took the purse after leading for the entire trip.

Uncle Tolly, after many failures, was finally pitted against a band that he clearly outclassed and won with ease. Minot being his closest attendant throughout. The uncertain Tom Dolan failed the favorite backers in the sixth race, retiring after running four furlongs for half a mile. Billy Starford beat Grande Dame for the purse in a big round.

Ragman, in the closing race, had to be shaken up to down Mrs. Sewall, an outsider, but managed to draw away in the last quarter and won comfortably. Valley Stream, which was posted to start in the opening race, was withdrawn on account of injuries sustained while being led to the track from the outside. The horse was frightened by a street car, got tangled in a barbed wire fence, was badly cut about the legs, and probably will not be able to again race in consequence of the mishap.

John Hogan, who will do the starting at the Joliet, Ill., mixed meeting, speaks hopefully of the prospects for that venture and for the probable resumption of thoroughbred racing in the state of Illinois. Tom Dolan pulled up decidedly lame after the finish of the sixth race, and this campaigner will probably be donated shortly to the Canadian Breeding Bureau as a gift from J. W. May.

AMERICAN HORSES CUT NO FIGURE.

London, Eng., July 31.—The Juvenile Selling Plate of 100 sovereigns, for two-year-olds, distance five furlongs, was won at Alexandra Park today by Irish Vote. Aye Aye was second and Washington third. P. Whitney's Tyronnel was one of fifteen starters.

The Maiden Two-Year-Old Plate, 100 sovereigns, for two-year-olds, distance five furlongs, was won by Amadeus. Carnea was second and Niatawah third. Nineteen horses started, including H. P. Whitney's Little Red.

The Municipal Handicap of 200 sovereigns, for three-year-olds and upward, distance five furlongs, was won by Wind Flower. Marchesa was second and Lady Ormonde third. H. P. Whitney's Sea Cliff was among the twelve unplaced contestants. There were twelve starters.

FORSYTHE STRING IN GOOD SHAPE.

New York, July 31.—F. A. Forsythe has returned here from Kentucky. Mr. Forsythe spent ten days at his stud near Harrodsburg arranging for the shipment of yearlings which will be sold at Sheephead Bay in September. The majority of the youngsters are by Oakfellow and Milligan.

The Forsythe horses in training are at Saratoga Springs. Raleigh Colston, who has handled this string for several years, reports that the horses are in capital condition. Dorante, Irish Private, Berry Maid and C. L. Harrison's stake colt, Waldo, have shown trials indicating that

MINOR RACE MEETING IN KENTUCKY.

Henderson, Ky., July 31.—The Albion Fair and Racing Association, through its secretary, J. G. Bussey, has leased the track of the Henderson Fair Association for three years, and will institute spring and fall race meets here lasting fifteen days each. The first meeting will commence August 21 and continue to September. Mr. Bussey expects by next year to establish a racing circuit which will include several cities in this section. Running races are being given in connection with the Henderson County Fair this week.

NOTES OF THE TURF.

Earle's Court was "nerved" about three months ago. J. P. Mayberry thinks that Robin Huid will train for racing again next winter. R. E. Watkins will ship Lad of Langden and Ida D. from Yonkers to Windsor at once. The two-year-old bay filly by Dick Welles—Bessie Spahr has been named Bessie Welles. The Ontario Jockey Club has put Woodbine track at the disposal of the newly organized Toronto Hunt Polo Club. The purses for the Reno meeting will range from \$200 to \$300. The ring will be open and there will be six or more races daily. John Madden has a two-year-old filly under cover that is credited with being particularly fast, but her identity is a jealously guarded stable secret. William Walker declares that his failure to protect Apache beyond \$1,700 was due to the knowledge that the horse has a bad knee, which he fears may become so troublesome at any time as to preclude further training. William Walker considered that Stanley Fay had been harshly treated by the handicapper when 124 pounds was assigned to him in the Frontier Handicap and so decided to forego his plan of shipping the son of Canopus to Windsor for the opening at that place. The Walker stable will be raced at Saratoga. "Father Bill" Daly was as spry as a kitten when his chestnut mare, Killcrankie, took second money in the last race at Yonkers Friday. One has to go back some time to recall the Daly colors finishing in front, nevertheless in the day of Civil Service, Florence M., King Fan, Daisyran, Jim McGowan and others that bore the red and green cap creditably, the Daly colors were popular.

Winner—B. g. by Mazagan—Van-a-Clar (trained by L. Johnson).

Went to post at 2:45. At post 5 minutes. Start good. Won easily; second and third driving. Hyperion II. followed Marchmonet closely to the last furlong, where he came away after a slight shaking up. Marchmonet had an advantage at the start and, setting a fast pace for the first five furlongs, held on well in the stretch and outstayed Dr. Waldo Briggs in the closing drive. The latter was forced to go wide for the entire trip and ran a good race. Sir Edward, away slowly, ran a good race, but he had a bad start and made a game effort after going a quarter, but tired in the stretch. Ada Meade had scant chance and can do much better.

Scratched—(83572) Al Muller, 109; 80509 Miss Sain, 102; 83104 Valley Stream, 105.

Overweights—Dr. Waldo Briggs, 2 pounds; Marchmonet, 1.

RACE HORSES FIGURE IN THE COURTS.

Butte, Mont., July 31.—Race horses are figuring in the Montana courts just now. Mrs. Bessie Bond of Denver has sued out a writ of replevin for Proteus, a horse that S. K. Kelly has been handling under a leasing arrangement. The courts have been called upon to decide as to the ownership of Creston, which horse is claimed by both J. N. Stokes and W. T. Anderson. Anderson is in possession of the horse and he refuses to give the horse up to Stokes.

STAKE RACING OF THE WEEK.

Saratoga Events of Quality to Be Decided on Historic Ground—Windsor's Best Bets.

The annual meeting of the Saratoga Association begins at Saratoga tomorrow and will continue for twenty-four racing days. In the course of the first six days eight closed stake races will be run, of which the Flash Stakes, for two-year-olds, at five and a half furlongs, and the \$5,000 Saratoga Handicap, for three-year-olds and over, at a mile and a quarter, are set for tomorrow, the names of the probable starters appearing in the entries published today.

The feature of Tuesday's racing will be the \$10,000 Spinaway Stakes, for two-year-old fillies, at five and a half furlongs. It has forty eligibles, of which those deemed most likely to start are Ocean Bound, Indian Maid, Schoolmarm, Degree, one or two of John E. Madden's seven eligibles, Projectile, Follie Levy, Sadaquada, Queen's Song, Greenvale and Rumpus. The latter is by Hamburg—Hurly Burly, and, consequently a sister to the great colt, Burgomaster. Queen's Song and Sadaquada belong to John Sanford and Degree is Mr. Keene's half-sister to Sysonby. The Monawick Stakes will be run Wednesday. It is a selling dash of a mile, for three-year-olds, and Hill Top, Dr. Holzberg, Pinte, Donald Macdonald, Turncoat, Marcellus, Quantico, Mary Davis, Ethereal, Twilight Queen, Eschsch, Lawton Virgins, Guy Fisher, Casque, The Gardener, Personal, Royal Captive, Wise Mason, Prince Gal, Fashion Plate, Rockcastle, Van Den, Duncraggan and Gliding Belle are prominent in its list of eligibles. The Alabama Stakes, for three-year-old fillies, will be run Thursday. It is a dash of a mile and an eighth and of the guaranteed value of \$5,000. It is regarded as Maskette's prey now. Such other good fillies as Field Mouse, Twilight Queen, Hammerless, Lady Bedford, Lady Hubbard, Nunda, Gliding Belle, Coty and Petticoat are among those eligible to start.

No stake races are set for Friday, but three will be decided Saturday afternoon. They are the Saratoga Steeplechase, at about two miles; Saratoga Special, for two-year-olds, at three-quarters of a mile, and the Delaware Handicap, for three-year-olds and over, at a mile. The Saratoga Steeplechase has a much better entry list than those stakes so far run over the New York tracks, and with California King, Jimmy Lane, Kentucky Bean, Economy, Bergez, Reginald, Alamansor, Rufus, Sir Wooster, Locked out, Sandy Creeker, Waterway and Sanctus among its thirty eligibles, should furnish a capital jumping race. The Saratoga Special has been reduced in value in that the price of a subscription has been cut down from \$500 to \$250, but the \$2,500 in gold plate heretofore added has been retained. Little King, Ocean Bound, Megantic, Angerona, Waldo, Sweep, Grasmere, Lovetie, Anselia Jenks, Rocky O'Brien, Medallion, Newmarket and Shannon are eligible. J. B. Respass has two Dick Welles colts in that have not started. They are Fountain Squirrel, b. c. by Dick Welles—Barbara M., and Reimburs, br. c. by Dick Welles—Helen's Pet. In Baron Dicksau, St. Regis and Hickmer John Sanford also has three yet to start. In the Delaware Handicap are such good horses as King James, Restigouche, Fitz Herbert, Maskette, Jeff Bernstein, Field Mouse, Detective, Angelus, Pinte, Mary Davis, Ethereal, Arace, Tony Bonero, High Private, Olanbush, Eyebright, Guy Fisher, The Squire, Lady Bedford, Fayette, King's Daughter, Buck, Arondack, Nimbus, Danoscara, Fort Johnson and others; but with the weights yet to appear there is no way to estimate probabilities.

Two stake races will be run at Windsor, the Ontario Handicap, at five furlongs, for two-year-old fillies, on Wednesday, and the Windsor Selling Stakes, at a mile and a sixteenth, on Saturday. The Golden Butterfly, Autumn Girl, Starport, Turf Star, Scruples, Eva Tangay, My Gal, Polly Lee and Palsalago are prominent in the Ontario, and Console, Old Honest, Alice, Terah, John Carroll, Creel, All Red, Uncle Toby, Tom Dolan, The Minks, Belle Scott, Gretna Green, Reidmoore, Green Seal, Miss Sain, Woolwinder, Clell Turner, Charlie Gilbert and Palsalago are among those likely to furnish an interesting contest in the Windsor Selling Stakes.

THE HAYES FLAT BET SYSTEM.

The greatest system in the world; can be operated at track, poolroom or Handbook, on a capital as small as \$20.

Race Players, I wish to say a few words in regard to this system. First, it is entirely different in every way from any other system that has ever been discovered. It is strictly a flat bet system. Your bet is the same on each race, never more nor less. It never plays more than one horse in a race. It deals in no way with handicapping or newspaper selections. It makes its selections from the entries and past performances. If you desire, all your bets can be placed on the morning of the day of race or even night previous, if you are able to get the entries.

NOTE BELOW the record this system has shown operated with \$40 capital; also the guarantee I give to each purchaser.

MY GUARANTEE—I guarantee every purchaser of the Hayes Flat Bet System to refund the price paid for said system if it is found that the record as stated below was not realized with a capital of \$40, or that the capital exceeded \$40.

This guarantee, signed as it appears here, stands good to every purchaser. In connection with this I also mail this same guarantee to purchaser with system with my name signed in my own handwriting, and the record exactly as appears below, stating the same amount of capital, written underneath the guarantee.

The record of the Hayes Flat Bet System is stated below and covers a period of thirteen weeks, and was realized positively and absolutely on a capital of \$40.

WEEK ENDING MAY 4	WON	14.00

You will note that the total losses for the whole season were only \$130. To you who are skeptical, I would ask, did you ever know of another agent of a system who would print the record of same each week as I do, give the guarantee with signature attached and state the amount of capital used, as I do?

Candidly writing, I have this to say of the Hayes Flat Bet System: No system or method of speculation have ever before been discovered that could be operated on the small capital of this system and show the results it shows. Anyone can take this system and with only a small capital realize a snug income.

You know of any method of speculation where you could take \$40 and realize what the Hayes Flat Bet System has on that amount?

Dear Reader—Do you think I would print the above record and give the guarantee as appears above with my signature attached if it were not true? Why be skeptical when you know if it is not true the guarantee compels me to refund your money?

The Hayes Flat Bet System will be mailed to any address upon receipt of price, \$10.

EXPERT CLOCKER and OWNERS' INFORMATION.

36 Toronto St., Room 27, Toronto, Ontario

Big Killing Saturday, August 7.

I wish to call your attention to the fact that on Saturday, August 7, **JAMES J. BURKE**, the well-known clocker, will uncover a long-shot sleeper that will make you all sit up and take notice. This trick has been specially prepared for this race by the most skillful trainer of thoroughbreds that has invaded Canada thus far in his private works, which are only witnessed by a few select persons who are interested in this killing. This trick, with an ordinary stable boy up, steps the distance in record-breaking time. As he is in the race very nicely, in order to make him extend himself they will have to hang up a new world record. The stable connections and trainer of this stable have had world-wide experience in putting over the most successful betting coups and killings that ever came off on any track in the country, and they will leave no stone unturned to win this race, which already looks as if it is at their mercy. These people are well known to their turf associates as the money stable, and the trainer is known as the wizard of the turf and stands head and shoulders above any other handler of thoroughbreds at Windsor in sending a horse to the post fit and ready. We expect 10 to 1 or better on this one. The stable commissions will be unloaded to out-of-town poolrooms, and will be shipped away in bundles a couple of days previous to the running of this race, so don't fail to get in on this killing.

If you are a loser, there is only one thing for you to do, and that is to get winning information, and James J. Burke is the one who hands it out. Sooner or later you will come to me to pull you out, as I have many others. So start in at once and get in on this LONG-SHOT killing.

This good thing of mine is guaranteed to win or my next three Occasionals free.

Terms for this good thing—\$2.00.
